IBOSS Asset Management Ltd Discretionary Managed Portfolio Service

★ Defaqto Star Ratings – Discretionary managed portfolio service (on platform)

Defaqto Star Ratings for discretionary managed portfolio service (on platform) are based on our **independent, expert** analysis of the 16 most important features to the client, out of over 90 in total. These are grouped into five categories: proposition attributes, the DFM firm, charging structure, investment flexibility, terms and conditions and verification and data transparency.

Our **experts** analyse the market, which comprises of over 90 managed portfolio service (on platform) propositions, and then set benchmarks for a 1-5 scoring system for each of the 16 features. Usually the more comprehensive a proposition is, the more points it will score; the overall score is then calculated to give the proposition a rating from 1-5 Stars. In addition to achieving a high number of points in all of the criteria, to achieve a 5 Star Rating the proposition must exceed the benchmark for each of the 'core criterion' below. If a proposition fails any core criteria test it will automatically be given a lower Star Rating.
