Quartiles key:

Some of the performance figures shown are simulated based on the performance figures/asset allocation/fund selection of the Portfolio Management Service research provided by IBOSS Limited, from 31 October 2008. Past performance and simulated past performance figures are not a reliable indicator of future performance. Performance is shown net of fund fees only and does not incorporate platform costs, adviser’s client fee or DFM service charge. Please see our important information for full risk warnings.

Underlying Fund Approach to Controversial Sectors

Exclude

The fund will not hold the sector under any circumstance.

Avoid

The fund will endeavour to avoid the sector within specific parameters i.e. a company must have less than 10% of revenue generated through armaments.

No Policy

The fund has no specific exclusion or avoidance policy. This does not necessarily mean they have exposure to the sector.

Source: IBOSS 01/02/2026

CONTROVERSIAL AREAS

PRODUCT INVOLVEMENT

Product involvement in a sustainable investment portfolio refers to the exposure in controversial areas included within the underlying funds. Our emphasis on diversification inevitably means compromises must be made, and the portfolios may have some small exposure to areas that some clients might wish to avoid unequivocally.

		Portfolio 1	Portfolio 2	Portfolio 3	Portfolio 4	Portfolio 5	Portfolio 6	Portfolio 7
ENVIRONMENTAL	 Fossil Fuels	3.99%	4.41%	4.59%	4.85%	4.70%	4.63%	4.99%

Definitions

Adult Entertainment

This involvement area provides an assessment of whether companies derive revenue from adult entertainment. This includes producers of adult movies, cinemas that show adult movies, adult entertainment magazines, and the broadcasting of adult entertainment.

Alcohol

This involvement area provides an assessment of whether companies derive revenue from alcoholic beverages. These include producers of these beverages as well as retailers and distributors and suppliers of alcohol-related products/services to alcoholic beverage manufacturers.

Controversial Weapons

This involvement area provides an assessment of whether companies are involved in the manufacturing of controversial weapons or components or services thereof.

Gambling

This involvement area provides an assessment of whether companies derive revenue from gambling. This includes companies that offer gambling services (operation of casinos, lotteries, bookmaking, online gambling, etc.), gambling products (slot machines and other gambling devices) or supporting products/services to gambling operations.

Military Contracting

This involvement area provides an assessment of whether companies derive revenue from the manufacturing of weapons or weapon components or from providing tailor-made products or services to the army or the defence industry.

Nuclear

This involvement area provides an assessment of whether companies are involved in the production or distribution of energy from nuclear sources or developing products or services that support the nuclear power industry.

Small Arms

This involvement area provides an assessment of whether companies derive revenue from firearms. It includes manufacturers of firearm weapons such as guns, rifles, and pistols, manufacturers of components of these weapons and retailers.

Tobacco

This involvement area provides an assessment of whether companies derive revenue from tobacco products including cigarettes, cigars, tobacco, electronic cigarettes, paper used by end consumers for rolling cigarettes, filters, snuff tobacco, etc. It includes tobacco products manufacturers, retailers and distributors, as well as companies providing tobacco-related products or services.

Fossil Fuels

The percentage of the covered portfolio that is exposed to corporations that make any revenue (>0%) from fossil fuels. Companies involved in fossil-fuels may derive revenue from one or more of the following activities: thermal coal extraction, thermal coal power generation, oil and gas production, oil and gas power generation, and oil and gas products and services. A lower percentage is optimal.

Carbon Solutions

The percentage of the covered portfolio that is exposed to corporations that make any revenue (>0%) from carbon solutions, including Renewable Energy Generation, Renewable Energy Supporting Products/Services, Energy Efficiency Distribution and Management, Energy Efficiency Material, Energy Efficiency Industrial Systems and Processes, Energy Efficiency Consumer Products, Green Buildings Development, Green Buildings Management, Green Buildings Technologies and Materials, Green Transportation Vehicles, Green Transportation Technologies, Green Transportation Services, Green Transportation Infrastructure Involvement. A higher percentage is optimal.

This communication is designed for professional financial advisers only and is not approved for direct marketing with individual clients. These investments are not suitable for everyone, and you should obtain expert advice from a professional financial adviser. Investments are intended to be held over a medium to long term timescale, taking into account the minimum period of time designated by the risk rating of the particular fund or portfolio, although this does not provide any guarantee that your objectives will be met. Please note that the content is based on the author's opinion and is not intended as investment advice. It remains the responsibility of the financial adviser to verify the accuracy of the information and assess whether the OEIC fund or discretionary fund management model portfolio is suitable and appropriate for their customer.

Past performance is not a reliable indicator of future performance. The value of investments and the income derived from them can fall as well as rise, and investors may get back less than they invested.

We provide the DFM MPS as both distributor and manufacturer. Details of our target market assessment can be found in our compliance investment procedures, available upon request. Each fund will be assessed independently, but it is highly unlikely that any one fund held in our portfolio will meet the target market in isolation—detail of why the inclusion collectively will be suitable is included within our research.

The Sustainable Managed Portfolio Service (MPS) was launched 1 November 2020. The past performance figures include simulated past performance to 01/11/2020 (Portfolios 0-6) and 01/05/2021 (Portfolio 7), which are based on the actual performance figures/asset allocation/fund selection of the Portfolio Management Service research provided by IBOSS Limited. Past performance and the simulated past performance is not a reliable indicator of future performance.

The DFM MPS performance and displayed underlying portfolio charge is produced using the preferred share classes, this may differ from platform to platform and is shown net of fund fees & DFM service charge only, they do not incorporate platform costs and adviser's client fee.
